Privacy policy

Introduction

W.S.T.V. Split gives high priority to the privacy of its members and attaches great value to the protection of personal information of its members. As a result of the new European privacy law, W.S.T.V. Split changed their privacy policy and changed their registration form. In this document, the policy of W.S.T.V. regarding privacy and media is explained in three chapters. First, the records of the processing activities will be explained. After that, the media rules of W.S.T.V. will be elaborated. Finally, the protocol for a possible occurrence of a data breach will be clarified.

1. Records of processing activities

2. Media policy

On the registration form, members of W.S.T.V. Split can choose to give permission for posting pictures and videos on the website, Facebook page and newsletter.

If a member doesn't agree with the privacy and/or media rules of W.S.T.V. Split, this member can present an objection to the board of W.S.T.V. Split.

3. Protocol data breach and incident register

The following procedure will be followed, when a member of W.S.T.V. Split, or someone else who is connected to W.S.T.V. Split, suspects that a data breach has occurred.

1. Report the data breach to the board of W.S.T.V. Split. In the event of a suspected data breach by one or more board members, report the data breach to another board member, or a former board member.
2. The board of W.S.T.V. Split will examine extensively whether a data breach has occurred and what the possible consequences are.
3. When personal data has leaked, the relevant persons will be informed immediately.
4. The board of W.S.T.V. Split will consider to report the data breach to the Authority Personal Data (in Dutch: Autoriteit Persoonsgegevens or AP) if necessary. The procedure on the next page will be followed to determine whether this is necessary.

Register of incidents

Date	Data breach? yes/no	Reported to the Authority Personal Data? yes/no	Reported to the involved members? yes /no	Actions undertaken

Procedure in the case of a data breach
